

## Careers Interviews

At St Benet Biscop, we provide career guidance and independent advice from our Careerwave independent advisor to ensure that students receive the impartial guidance they need. Our personal careers advisor is Laura Foster, a professionally trained careers guidance practitioner.

As part of our careers programme, Year 11 students have a one-to-one guidance interview with our qualified careers advisor. Parents can view the outcome of their child's career interview and action plan via their child's Unifrog account. Additional careers interviews are also provided for students with EHCPs and those at risk of NEET through the Northumberland Careers Service.
