

# Sixth Form Prospectus

ST BENET BISCOP  
CATHOLIC ACADEMY

St Benet Biscop Sixth Form 

# Our Mission

To seek wholeness  
through faith,  
quest and learning  
to become what  
God intended  
us to be.

# Welcome

---

We are delighted that you are considering joining St Benet Biscop Sixth Form as a place to continue your studies. We recognise that this stage in your life is crucial in establishing the key skills and preparation for life beyond school, whether that be at university, further education or in the workplace. Whether you're moving up from our school or joining us from elsewhere, our Sixth Form offers a highly distinctive experience.

Being the only mixed Catholic Sixth Form in Northumberland, our Sixth Form is a vibrant and energetic place to study. Sixth Form life involves much more than simply academic study. At St Benet Biscop, we are proud of the provision we offer, which allows students to develop a wide range of skills and knowledge, as well as providing many opportunities for students to develop as individuals in a more social, moral and spiritual sense.

Our Sixth Form is characterised by its strong sense of community, and wide-ranging curriculum and extra-curricular opportunities. We have a highly dedicated team of teachers and leaders, as well as a highly talented and industrious student body, characterised by its enthusiasm, talents and intelligence.

## Ethos

---

As a Sixth Form that is proud of its Catholic tradition, our ethos is very important. We are a very caring and supportive community where every student is valued and where every student's talents and interests are nurtured and encouraged. With around 130 students in our Sixth Form, every individual is known extremely well by the leadership team and form tutors, making our Sixth Form an extremely supportive place to study. Students of all faiths and none are equally welcome in our Sixth Form and the variety of faith backgrounds enriches the overall ethos.

Students are given many opportunities to explore and develop in faith, whether that is through contributing to form assemblies, leading prayers or using the opportunities to develop faith, through Masses, supporting Catholic charities such as CAFOD and by undertaking the Pope John Paul II Award (a service based Diocesan Sixth Form Award). Our Faith in Action is seen through much of the work we do. Students regularly make contributions to charity and organise a wide range of events. They also make a significant contribution to the care and support offered in the main school, supporting younger students as mentors and role models.

# Achievement

---

At St Benet Biscop, we are incredibly proud of the exam results that our Sixth Form students achieve. More importantly, we are incredibly proud of the people that they become. The work ethic of our students and the support that is offered within school ensures that our students leave with not just strong academic performance, but also having developed personally and spiritually. This ensures our students are well prepared for university study or the world of work. In recent years our students have been successful in gaining places at Oxford and Cambridge University, Russell Group universities and securing apprenticeships with highly successful companies.

# Opportunities

---

There are many exciting opportunities for students to take advantage of during the course of their time in our Sixth Form. We believe that it is important that students develop a broad set of social and leadership skills, as well as their academic skills, to prepare them for the next stage in their lives. In a competitive market, we seek to ensure that our students stand out from their peers. For example, students are offered opportunities to get involved with our Raising Aspirations consortium of universities, community service tasks including our annual Senior Citizens' Christmas Party, peer mentoring, and sports teams, charity work and overseas visits.

Life in the Sixth Form is busy and exciting. There is an atmosphere of focus and direction, but also a sense of camaraderie and mutual support. The support for sixth-formers begins now, in Year 11, as we work with students and their families to ensure students are placed on appropriate courses that are suitable and that are linked to students' career aspirations.

From this prospectus, you will get a strong sense of what is on offer at our distinctive Sixth Form. However, should you wish to discuss any aspect of the Sixth Form in more detail, you are more than welcome to contact us. We look forward to working with students in Year 11 and their families to ensure a smooth and enjoyable transition into the Sixth Form.

Kevin Shepherd  
Headteacher

Peter Maughan  
Head of Progress in Sixth Form

“

The last couple of years at St Benet Biscop have been some of the most memorable and defining years of my life. The enthusiasm and willingness of each member of staff has really made me realise what hard work can really achieve. For many, applying to university is one of the most difficult hurdles to cross - it was certainly the case for me. However, with the continuous encouragement of all teaching staff, I have felt supported at all times knowing that there is always a member of staff who can put my mind at ease.

Through both academic and pastoral support, we are pushed to be the best versions of ourselves and to realise our true potential. Regardless of our academic ability, we are all treated equally and with the same care and attention. This is what makes sixth form at St Benet Biscop special.

**Callan O’Kane**  
(former student) studying Maths at Newcastle University.

”

# Pastoral Support

The transition into Sixth Form can sometimes seem daunting. Deciding which subjects to specialise in, and being expected to be able to work autonomously and prioritising work, can be difficult for some. To support this transition, students have daily contact with their form tutor who is experienced in supporting students and helping them to achieve their absolute best. The relationship between the form tutor and student is essential to success in the Sixth Form, as tutors will monitor and support students throughout the two years of their studies. They will work with their tutees, getting to know them well as individuals, helping to nurture their talents and interests as well as supporting them academically. Form tutors

have the holistic overview of how our students are progressing in the Sixth Form and they will be the first point of contact if parents or students have any concerns or problems. As well as a form tutor, students are supported by Mr Maughan, Head of Progress in Sixth Form. As Head of Progress, Mr Maughan works with students and their families to ensure their needs are met. The Head of Progress very carefully monitors the pastoral and academic progress students are making. We work hard with parents and carers to ensure all of our students' needs are met. We are happy to discuss with parents any aspect of your child's needs and development at any point throughout the course of the year.

## St. Peter's Sixth Form Centre

The Sixth Form Centre allows students to work effectively in an environment dedicated to helping them excel, featuring facilities that allow them to study in a peaceful and motivated manner whenever required. It is also the base of our Sixth Form Head of Progress.

## Service to our Community

We expect our Sixth Formers to carry out service within our school community. This can range from helping at our local primary schools, visiting disabled community members, organising the Senior Citizens' Party, supporting younger students or collecting for charities such as CAFOD or The Matthew Project.

# Bursary

The 16-19 Bursary Scheme provides financial help to young people aged 16 to 19 who face financial barriers to participating in education or training, provided they meet agreed standards of attendance and behaviour.

Only students in defined vulnerable groups, or experiencing the greatest financial disadvantages and course-related costs, can be supported using the 16-19 bursary funds.

The 16-19 Bursary Fund has two alternative options:

## **Vulnerable Bursary**

A bursary of up to £1,200 per year for young people in the following defined vulnerable groups: in care; care leavers; young people in receipt of Income Support or Universal Credit; and disabled young people in receipt of both Employment Support Allowance and Disability Living Allowance/Personal Independence Payments.

## **Discretionary Bursary**

The school may award a discretionary bursary to students to help with educational expenses. This award can vary due to the individual circumstances of the student. The basic eligibility criteria are for those students in Year 12 and 13 who are currently in receipt of free school meals.

*Students who do not meet these criteria but are experiencing hardship should in the first instance speak to their Head of Progress regarding their circumstances.*

A group of approximately 15 students, both male and female, are posing for a group photo on a green lawn in front of a large, ornate Gothic cathedral. The students are dressed in casual attire like jackets and hoodies. The cathedral behind them features many tall, narrow windows and intricate stonework. A red semi-transparent box is overlaid on the top right of the image, containing a quote in white text.

“ From arriving here, I have had a warm welcome and support from students and staff. Teachers have been approachable and spent their own time to help me learn anything I was unsure of or needed help on. There are many activities during school and after school hours, to gain some support in lessons if need be. With my change I feel happier with the choices I have made. ”

## Students from other schools

We warmly invite students who have studied their GCSEs at other schools to apply to our Sixth Form. The process is straightforward, requiring students to complete an application form, available from the school website, and submit this via email to Mr Maughan at [maughanp@stbb.org.uk](mailto:maughanp@stbb.org.uk). You will then be invited into school to meet the Head of Progress to discuss aspects of your application and your options. Any offer of a place at St Benet Biscop Sixth Form will be subject to entry requirements being met for specific courses and receiving good references from your current school.

# Culture of high ambition

St Benet Biscop Sixth Form prides itself on creating a learning culture of high expectation, where all students are actively encouraged to maximise their potential. In doing so, we believe our students leave us as confident, articulate and caring people who are well-equipped with the academic skills to succeed and flourish in higher education or the workplace. At St Benet Biscop, students attend lessons that are stimulating and challenging and, as an inclusive school, we endeavour to ensure that the needs of our talented and ambitious students are met in a variety of ways. As well as ensuring our students are catered for through excellent teaching in lessons, our talented and ambitious students become involved in various wider curriculum activities and have the opportunity to complement their studies with an Extended Project

Qualification.

The Extended Project Qualification (EPQ), is designed to deepen and strengthen study skills in an area of the student's own choosing. Our students are able to choose from producing an artefact (examples include sculptures, organising events, musical productions) or an essay on their topic of interest. As part of the process students formulate their own title and must submit their proposal to their Supervisor prior to the production of their essay or artefact. Our students also have regular meetings with their Supervisor to discuss the progress of their project. Students have to work autonomously to complete this original piece of work and, as such, an EPQ is highly regarded by universities.

In the past, our students have devised the following titles which clearly prepared them for their degree courses:

**'To what extent do feeding and management factors influence the risk of a domesticated horse developing colic symptoms?'**

Hannah Thompson (*Veterinary Medicine at University of Cambridge*)

**'Does the UK need a second city?'**

Thomas Athey (*Philosophy Politics and Economics at University of Oxford*)

**'A recipe book for patients on Haemodialysis.'**

Andrew Lonsdale (*Medicine at Durham University*)

**'How did the 1984-5 miners strike affect short-term community cohesion in south east Northumberland?'**

Elizabeth Temple (*Politics and History at Newcastle University*)

# Professional careers advice & progression

At St Benet Biscop, we take very seriously the responsibility that we have to ensure students are well-prepared for their future careers. Whether that is university, an apprenticeship or employment, we want our students to use the skills they develop during their time with us. We have an excellent record for students securing places at their first-choice university. For those who decide that university is not for them, we have a Careers Leader who supports students with their preparation for employment and apprenticeship applications, discussing interview techniques and helping with CV writing. Students are supported as they attempt to secure apprenticeships, internships and employment.

We do our best to aid our students, in obtaining essential experiences to enhance their career choices. These can include attending UNIQ summer school, Mini Med school and attending subject-specific workshops at local universities. These opportunities give our students an advantage in applications, where we aid them in choosing the right career path. Mrs Connelly, a qualified Careers Leader, works alongside Mr Maughan, assisting our students with the help and advice they need. We also work with universities and employers to help our students decide on their next step. Furthermore, all Year 12 students take part in one week's work experience to enhance their post Sixth Form applications.

Students work through a planned careers programme supported by Unifrog, Futureme and the North East Raising Aspirations Partnership, supported by guest speakers. Sixth Form students develop an excellent knowledge of pathways available to them and secure work placements in a variety of sectors, developing skills to be successful in the workplace.

There is a thorough programme to prepare high-

quality Oxbridge and Russell Group university applications, including residential visits to Cambridge University, attending the Oxbridge North East Conference and mock interviews.

Our students complete valuable summer school placements at various leading universities including the Durham Progression Scheme and UNIQ, the summer school at Oxford University, Mini Med school and Newcastle University Partners Summer Programme.

# Our Curriculum

Our Sixth Form is largely made up of students from our current Year 11 with a number of students who join us from other local schools. Students joining us in September will be placed on a pathway, which can be read in further detail below. For the majority, this will involve studying 3 A-levels, or equivalent, during Year 12 and Year 13. There would be consideration for a small number of students to opt for 4 A-levels, subject to approval, but 3 A-levels and studying an EPQ (Extended Project Qualification) is usually more appropriate.

All A-level subjects are now linear. This involves studying for courses for which the content is assessed entirely by examination at the end of Year 13. Choosing the right pathway and subjects is, therefore, vitally important.

## Pathways

---

We work closely with all students to give them individual guidance on their subject choices. It is very important that students start with an appropriate programme of study. We have to balance a number of elements, including aspirations and interests with the relative difficulty of courses, in order to ensure that our students leave St Benet Biscop having achieved their full potential. We use a range of national data in order to identify the relative difficulty of subjects. This information is then used to guide students towards choosing a suite of subjects for which they are suitable. At St Benet Biscop we offer the following pathways to students:

- **3 A-levels and an Extended Project Qualification (EPQ) in Year 13.**
- **3 A-levels**
- **A combination of A-levels and vocational courses**
- **3 vocational courses**

Students are directed towards a pathway and advised to pick subjects based on their GCSE performance and their average GCSE grade. Most students at St Benet Biscop complete 3 A-levels and an EPQ.

# Entry Requirements

Students who join our Sixth Form do so voluntarily. In signing up for Sixth Form, therefore, students are agreeing to abide by all of the general requirements of students at our school. The decision to join Sixth Form should be carefully considered. An excellent work ethic, attendance and punctuality record are all essential for success, as is a contribution to the wider dimension of Sixth Form life. Furthermore, participation in all aspects of our Core Studies programme and support for the school ethos is expected. A student with poor attendance in Year 11 (unless there are genuine medical reasons), poor punctuality or a poor work ethic in Year 11 is unlikely to succeed in Sixth Form where the academic demands are greater. Throughout Year 11, all of these factors will be reviewed and, if necessary, discussed with students during the transition to Sixth Form.

For each specific course in Sixth Form, entry requirements will vary, depending on the degree of course difficulty, as well as each student's track record over their study of the subject in Key Stage 4. The 'make up' of a student's GCSE grade in the subject is evaluated too. For example, a student may have a '6' overall at GCSE in a particular subject that they wish to pursue at A-level but, if the key written exam component was a '5', our strong advice might well be not to take the subject at A-level, if extended writing is a key feature of the A-level.

Some courses will require a higher minimum entry grade, either in the subject itself or in a related subject. For example, entry to certain Science

**“The quality of teaching in the sixth form is strong. Teachers have a secure subject knowledge and are passionate about the subjects they teach. They know the needs of their students and, consequently, plan challenging lessons to deepen students’ knowledge, skills and understanding.” Ofsted 2019**

courses will have a minimum requirement not only in Science, but in Maths too, given the degree of Maths involved in the A-level. Many subjects will have a minimum requirement in English, if written work is a key feature of the A-level. Finally, we also look very closely at the combination of A-levels that a student is proposing to study. For example, we may feel that a student has the potential to succeed in one of the harder A-levels but a combination of two or three such subjects may well prove too much and, in such cases, we may well advise strongly against the proposed combination. In general, students are most likely to succeed on the traditional, academic A-levels if they have obtained GCSEs that include, as a minimum, a number of GCSEs in the 7-9 range and some at grade 6. Ideally, a student would have a

7 or better in their chosen subject but some of these subjects may consider a 6 if there is evidence of strong performance in some of the key components of the GCSE, or mitigating circumstances that affected the GCSE grade.

For a number of A-levels (for instance, some with a strong practical component), grade 6 or above will be considered and, exceptionally, a grade 5. Students achieving grades largely in the 4-6 range will be best suited to our vocational courses. Further information about individual courses is contained in the Sixth Form Curriculum booklet and, throughout Year 11, entry requirements and their suitability for different subjects, will be discussed with students.

# Subjects offered

We usually offer the following subjects at A-level. Please note, however, that not all courses run each year if the numbers are very low.

- Art
- Biology
- Business Studies
- Chemistry
- Design and Technology
- Drama and Theatre Studies
- English Language
- English Literature
- French
- Further Maths
- Geography
- History
- Maths
- Media
- Physics
- Psychology
- Religious Studies

The vocational subjects that we offer (*depending on demand*) include:

- **Business**
- **Children's Play, Learning and Development**
- **Health and Social Care**
- **Performing Arts**
- **Sport**

Our curriculum is reviewed regularly and subjects being offered are subject to viability. For further information on subjects, please refer to our Sixth Form Curriculum booklet. Our Core Curriculum is part of what makes our Sixth Form distinctive, as all students also study Religious Education and the Core Studies Pastoral Programme. Students are encouraged to take part in a wide and varied Enrichment Programme. This curriculum provides excellent foundations for studying in the Sixth Form and allows the students the opportunity to develop a variety of skills that will enhance their overall Sixth Form experience.

# Core Curriculum

All Sixth Form students follow a course in Core RE in Years 12 and 13. This course aims to enable students to explore their own beliefs and values, develop their moral reasoning skills and apply these to their own and others' religious traditions. Learners develop their knowledge, understanding and skills to think spiritually, ethically and theologically. It is suitable for students from any faith tradition or none.

Through discussion and debate, students will be able to formulate and articulate their own views and opinions on a variety of subjects including matters of life and death, justice and inequality and the environment. There will also be opportunities

to contribute to the wider life of the school and the community through the Core RE programme. Many students participate in 'practical RE' through working with younger students and the Cafod Young Leaders, fundraising for charities and leading learning in KS3. These experiences help build confidence, communication and interpersonal skills, and are a fantastic addition to a curriculum vitae.

Many of the skills developed in General RE lessons can be transferred to other subjects and indeed will help students develop into good citizens, committed to the 'common good'. Students can choose to formalise this work by following the Pope John Paul II Award.

# Pastoral Core Studies Programme

Our varied and exciting Pastoral Programme offers students the opportunity to develop skills that will help them in their studies and preparations for life after Sixth Form. Students spend 2 hours per fortnight on the Pastoral Programme. Sixth Form students regularly join together where guest speakers offer impartial advice and guidance. Speakers come from a variety of backgrounds, sectors and professions and typically include:

- **Northumbria University focussing on Higher Education Subject Carousel.**
- **Newcastle University focussing on study skills.**
- **Unifrog focussing on planning work experience, your 'online personal brand' and approaching employers.**

Following each talk, time is spent with tutor groups reviewing and discussing the content delivered. The programme involves time spent in tutor groups following a carousel of activities such as developing life skills, study skills and employability skills. Aspects involve developing skills in self-sufficiency, money management, running an enterprise and travel. The important UCAS process (for entry to university), and applications for employment and apprenticeships, also form an important part of this programme.

# Choosing your Subjects

## **What subjects should you choose?**

Choosing subjects to study in the Sixth Form can be a difficult task and requires careful consideration. Here, we offer advice and key questions to ask when thinking about which subjects you might want to choose.

## **Which subjects do you enjoy the most?**

The amount of time you will have to spend studying your subjects in Sixth Form means you should choose subjects you enjoy. In Year 12 and 13, you will have 9 hours for each A-level every fortnight. You should then look to ensure these are subjects that you will be able to cope with at a higher level and that you meet the entry requirements for the course.

## **Which subjects are you expecting to excel in?**

Your predicted performance will be a real indicator as to which subjects you should consider studying at A-level. The work you do at GCSE will lay the foundations for the work in the Sixth Form. Talk to your teachers to discuss whether they think it would be suitable for you to study their subject in the Sixth Form.

## **Do you have a career or university course in mind? Do you require specific subjects?**

Some degree courses specify subjects that should be taken in the Sixth Form. For example, to study Medicine you will need to secure a high grade in Chemistry. Think carefully about what you might want to do after Sixth Form and then look to see if you are required to have studied certain subjects. If you don't yet know what you want to do after Sixth Form, then opting for a range of subjects will help keep your options open. You will, of course, have to ensure you meet the entry requirements for these courses.

## **Which subjects will be most useful and will give you the best chance of success?**

As mentioned above, it might be that you want to keep your options open for when you make decisions about life after Sixth Form. Think carefully about the combinations of subjects you are studying too. Russell Group universities have published a guide of what they call 'facilitating subjects', which are subjects they think will help prepare students for the demands of an undergraduate course. These subjects include: English Literature, History, Modern Foreign Languages, Geography, Maths, Further Maths, Biology, Chemistry and Physics. However, you can secure a place at leading universities having not studied these subjects. It is important to get a balance between the subjects you enjoy, have the best chance to succeed in and that will be relevant to you for the next stage of your life.

### Who can you talk to about your options?

You will have the opportunity to discuss your options with a member of our Senior Leadership Team or the Sixth Form Head of Progress. They will provide guidance and discuss with you the most appropriate options and pathways. Remember, discussing your options with teachers will also help you get a good idea of what is involved in a subject in the Sixth Form and your suitability for it.

## Sixth Form Sport

If you are interested in sports, there are many opportunities to develop sporting interests at St Benet Biscop. We currently have an Under-19 boys football team who play fixtures in the East Northumberland Schools League and the County Cup, as well as an Under-18 Girls netball team who play in the Northumberland Tournament and a central league. Away from teams, there are opportunities to get involved in various clubs, including badminton, volleyball and table tennis. Students who are talented in sport and who compete at a high level are fully supported by the school.

# Extra Curricular

There are a whole host of additional opportunities for our students to become involved with, helping them to grow spiritually, academically and personally, to ensure they become the best that they can be.

## **School International Expedition**

During our recent expedition to Ecuador, students helped local communities by assisting to build local schools, roads, develop social enterprise and environmental projects. This has all been made possible through students' tremendous fund-raising efforts. Students also spent some well-earned rest and relaxation time which included learning to scuba dive and whale watch off the coast of Ecuador. The expedition exposed our students to other cultures and traditions, and encouraged them to take an active part in developing and supporting impoverished communities. Students have been provided with an invaluable insight into the lives of people who are far less fortunate than themselves.

Apart from field work arranged as part of your courses, there will be opportunities for you to join in a host of activities which offer visits, social events, drama, music and sport. There is plenty on offer. Over the last few years there have been Sixth Form trips to New York, Geneva and the Italian Alps.

## Drama & Music

Sixth Formers enjoy taking part in drama productions. We have many talented musicians and performers in our student body and there are also various opportunities to take part in school shows, Night at the Musicals, Liturgical worship and school workshops.

# Extra Curricular

## **Service Tasks**

All Sixth Form students are expected to participate in service tasks, which range hugely in nature depending on the interests of the student. Service tasks have included supporting younger students with their studies as a Sixth Form Engagement Leader, either by supporting lessons or running lunchtime clubs and clinics. Students have also undertaken supported reading with Year 7 students, and have become 'mentors' to students lower down the school.

## **Leadership Team**

Sixth Form students are also encouraged to become involved in leadership, by taking on key roles and responsibilities within school. The Leadership Team is a visible and respected group of students whose presence can be seen across a huge variety of school events.

## **Young Enterprise**

Running through one academic year, students make decisions about their enterprise, from deciding on the name and products to creating a business plan, managing the student company finances and selling to the public at trade fairs. This is your opportunity to shine in the business world!

## **Debating Society**

Our debating society meets regularly to develop their skills and enjoy taking part in lively debates with

other regional Sixth Forms. This group has helped students prepare for their university application process especially in relation to Law and Politics applications.

## **Youth Parliament**

We have Sixth Form students who actively promote and participate in Northumberland Youth Parliament, representing student views regionally and in the Houses of Parliament.

## **Senior Citizens' Christmas Party**

Our annual local community celebration is driven and delivered by our Sixth Form Leadership team. This party invites our local Senior Citizens, who live both independently and from our local care homes, into school for an afternoon of festive celebration.

## **Annual support for The Matthew Project**

Each year in addition, to the Senior Citizens' Christmas Party, our Sixth Formers coordinate an extensive programme of support for this local charity, ensuring that the school delivers at least one mini bus full of food bank supplies for local families at Christmas.

## **Sixth Form Engagement Leaders**

The majority of our Sixth Formers are Engagement Leaders working across subject areas to support our younger students with their learning.

## Open Mic Night

Our Sixth Form Leadership team have organised regular open mic nights that help to showcase a variety of talents within Years 12 & 13.

Sixth Form students enjoying time on the slopes during the Davos 2019 ski trip.

## Competition

On an annual basis, each Year 12 form class competes to run the most successful enterprise, in order to raise money for charity in the lead up to Christmas.

## School Newsletter

Our school newsletter is written and compiled by our Sixth Form students showcasing their literary talents and eye for detail, this newsletter is compiled termly and hosted on the school website.

Our Sixth Form students have benefitted hugely from these experiences and visits, gaining an array of life-changing experiences as well as enhancing their CVs in readiness for their applications to university and more.

# How to apply

If you are currently in Year 11 at St Benet Biscop Catholic Academy, you will be guided through the application process within school.

If you are currently attending another school and wish to join our Sixth Form, please register your interest by emailing Mr Maughan (Sixth Form Head of Progress) at [maughanp@stbb.org.uk](mailto:maughanp@stbb.org.uk). If you are an external student you will be required to submit an application form in addition to copies of your Year 10 and 11 reports and attendance certificates to support your application.

You can also find out further Sixth Form information at <https://www.st-benetbiscop.org.uk/sixth-form-information/>

**“The sixth form is a strength of the school because the quality of teaching is good. Students make strong progress in this phase of the school. Study programmes ensure that students are prepared for the next stage in their education, employment or training.”**
